Hempstead County Farm Bureau will kick off its annual campaign for members, February 1, 1967, according to Membership Chairman Ralph Montgomery.

Membership Captains and workers will meet for a luncheon at 11:45 A.M. Wednesday at the Town and Country Restaurant and proceed in teams to write up members.

Mr. Montgomery, chairman, reported that 452 members have already enrolled in response to the mail solicitation, meaning that only 248 must be added by personal contact for the county to attain its goal of 700.

Mao Troops Has Rebels Surrounded

By WHN RODERICK
TOKYO (AP) — Units of Red China's army loyal to Mao Tse-tung claim to have "completely surrounded rebel army units" in rebellious Sinkiang, in the far west, Japanese reports said today.

The claim of Maoist gains in Sinkiang, published in Peking Wall posters, coincided with other reports that shooting was continuing in the vast autonomous region bordering the Soviet Union. Local army units were said to have defied Premier Chou En-lai's orders to the armed forces to side with Mao in his struggle against President Liu Shao-chi and his followers.

Nationalist China's official Central Daily News in Taipei suggested that the Soviets might enter the China strife on behalf of anti-Mao generals. It said the Sinkiang commander, Gen. Wang En-mao, had warned Mao against trying to use the nuclear installations there as a threat to his enemies. China's five atomic explosions took place in Sinkiang.

More than 100 persons were reported killed last week in Sinkiang. Wall posters said Sunday that 12 of 68 persons treated in an army hospital had also died.

Kyodo news agency told of posters saying that the situation in Shihhotse, focus of the trouble last week, still was fluid on Saturday. The clashes were said to have involved the Aug. 1 field army, loyal to Liu, and the pro-Mao "2nd motorized battalion." Truce negotiations were suspended Friday, the wall reports said.

The pro-Mao troops demanded that both sides turn in their arms, that "murderers" be turned over and prisoners released. Members of the Aug. 1 field army vanished after this and had not returned for talks, the papers said.

Liberals in Victory in Japan

By RENE-GEORGES INAGAKI
TOKYO (AP) — Prime Minister Eisaku Sato's party won another big but reduced majority in Japan's Lower House elections Sunday, weathering charges of corruption and turning Communist China's turmoil against the leftists.

The majority for SATO's Liberal Democratic party was cut from 99 seats in the Lower House elected in 1963 to 68, and their percentage of the popular vote dropped from 54.67 in 1963 to 49.09. But eight of the nine independents elected are likely to support the Liberal Democrats, raising their majority to 84.

The chief opposition party, the pro-Peking Socialists, also suffered their biggest election setback in 17 years. The Communists, who claimed to be independent of both Moscow and Peking, failed to win as many seats as they expected although their percentage of the total vote improved slightly.

Gains were scored by the Komeito (Clean Government) party, political arm of the Buddhist Soka Gakkai sect, and the Democratic Socialists. Komeito, contesting a national election for the first time, won 25 seats and the Democratic Socialists increased their holding from 23 seats to 30.

Elephant-Like Bones Found

EMORY, Va. (AP) — An archaeological study of southwest Virginia has turned up the bones of two extinct elephant-like mastadons — in a storage closet at Emory and Henry College.

Dr. Cayton Ray of Washington's Smithsonian Institution, who led the exploratory study, said the bones were discovered in 1880 and were donated to the college.

The partial remains, estimated to be 15,000 years old, were stored in the science hall.

Senate Bill Lashed by Republicans

LITTLE ROCK (AP) — The state Republican Party chairman has lashed out at the Arkansas Senate for its passage of a bill designed to change a state law that established the majority party in Arkansas.

The Senate passed 28-1 last Tuesday a bill that would classify as the state's majority party the one with the most constitutional officers.

Senate Bill Lashed by Republicans

As it now stands, the GOP is the majority party by virtue of a law that stipulates that the party of the governor is the majority party.

Odell Pollard, the state GOP chairman, issued a statement Saturday charging that the Senate wanted to change the ground rules in favor of the Democratic Party since a GOP administration was in office.

"Furthermore," Pollard said, "the Senate is trying to change an initiated act, approved by the voters in 1948, without giving the people a voice in that change."

Pollard added, "We do not think the people are fooled by those certain senators who mouth cooperation and fairness, then become obstructionists when it comes to putting forth legislation and in voting on the governor's appointments. We also believe their actions will come back to haunt them."

MR. AND MRS. MICHAEL ARNOLD

The marriage of Miss Linda Kay Hulsey, daughter of Mr. and Mrs. Thurston Hulsey of Washington, and Michael Leon Arnold, son of Mr. and Mrs. W. J. Arnold of Texarkana, was solemnized at 2 o'clock in the afternoon, Sunday, January 22 in the Washington Baptist Church. The Rev. Dale Merritt officiated at the double-ring ceremony. Vows were exchanged before an altar with double seven-branched candelabra holding white cathedral tapers and flanked by baskets of white gladiolus and greenery. The family pews were marked with white satin ribbon bows.

Mrs. Moss Rowe, organist, presented nuptial music and accompanied Freddie Urrey, cousin of the bride, who sang "Whither Thou Goest" and "Because." After the exchange of vows, he sang "The Lord's Prayer" as the couple knelt on a prie-dieu.

Given in marriage by her father, the bride wore a floor-length gown of white peau d sole and lace. The high-waisted bodice of lace with long sleeves was accented in the back by a bow. Her shoulder-length veil of illusion fell from a small crown of satin rosettes. She carried a white orchid and greenery cascade.

Miss Margaret Elter served as maid of honor. Bridesmaids were Misses Jeanette and Theresa Hulsey, sisters of the bride. The attendants wore princess-style floor-length gowns of emerald green satin. Their head pieces were of net attached by a satin rosette, all of emerald green. They carried yellow chrysanthemums with satin streamers.

Larry Pritchard served as best man. Bobby Kelly and Happy Grace served as groomsmen. Ushers were Greg Buchanan and Charles Cook.

Mrs. Hulsey, mother of the bride, wore a blue and beige wool knit suit with matching accessories. Her corsage was of white carnations.

Mrs. Arnold, mother of the bridegroom chose a white wool dress with matching accessories and pinned her corsage of white

Cuff Links Really Caused a Hassle

By EDDY GILMORE

LONDON (AP)—Before he could wear his American-made cuff links, Michael Levy, 36, had to take out a permit.

"I laughed out loud when I first heard about it," says Levy, "but it's true. They've seriously made me take a firearms permit."

Levy has taken delivery of the silver links after a three-month hassle to clear them through British customs. He had to hire a lawyer, secure a Board of Trade import permit, apply for the firearms certificate, and let the police inspect the cuff links. "The incredible amount of red tape had been making me angry," said Levy. "Then when the police arrived and seriously asked to inspect the cuff links I began laughing."

When he asked the police why they wanted to see them, one of the bobbies replied: "They come within the Firearms Act of 1937."

After the inspection, Levy was given his firearms permit and told he could wear the links.

"At one stage the customs wrote and said they had seized the links and impounded them," he explained. "They are in reality miniature pistols. Of course you can't shoot them and if I could I wouldn't. They are only about two inches long."

Levy said the original \$17 cost of the links has doubled. "They're worth it, though," he added. "They've got real novelty value now."

From time to time, of course, he will have to renew his firearms permit.

Make Home a Tough Nut For Housebreakers to Crack

By MR. FIX

Newspaper Enterprise Assn.

No home can be made totally burglar proof. If the burglar is determined and skillful enough he will break in anywhere.

But a housebreaker is only human and will follow the line of least resistance. He will break into a home with few or inadequate safeguards more frequently than he will attempt to break into a house that is relatively secure.

Though there are a variety of alarm devices that can be installed, security begins with good locks. A good lock on the main entrance is wasted money if the back door is protected by an easily tampered with spring lock and if windows are left open.

Good locks are not expensive nor are they difficult to install. Most doors are equipped with a spring lock,

Make your home difficult to burglarize

a lock with a sloped face on the bolt so that it locks when you slam the door shut. These are easily opened.

Replace this type lock with a deadlock, which has a square or round bolt that must be turned to either open or close it. From the outside, a key must be used to lock it.

Deadlocks and spring latches are very similar in size and type of hardware, so there is little trouble in mak-

ing a replacement. If it is a new door, check for some of the newer deadbolts. One type has a bolt that moves up and down rather than across.

A large window in the door makes most locks useless since the housebreaker can break the glass and reach in and open the door. You can buy a double-cylinder lock to guard against this. A key must be used on the inside to open it, just as you would on the outside.

Door chains have been used for years so that you can open a door part way and still have it secure enough to prevent someone from pushing it open from the outside. This has always been popular in homes where the man of the house is away part of the day and the woman wants to be able to answer the door safely.

New Chain Bolts There are newer chain bolts that can be opened from the outside with a key, permitting the person inside to retire for the night without having to get up later to admit another member of the family.

Most window locks work only when the window is totally closed. Even then, a determined housebreaker can break or cut the glass, reach in and open the lock and raise the sash.

Locks can be obtained that will permit the window to be opened partially. Best of these are locks that work with a key. There also are barrel bolts for windows that permit them to be opened part way. Protect all windows, including cellar windows, with locks of some kind.

Don't forget upstairs windows. There are such things as ladders and most people know how to use them. Do not leave your own ladders around, in an unlocked garage for instance.

Burglar alarms are expensive and should be installed by

Hope Turns Tables on Waldo Team

By LARRY DON WRIGHT
Hope Star Sports Writer

The Hope Bobcats avenged an early season defeat Saturday night by clouting the Waldo Bulldogs, 73-63, in Jones Field House. Hope also took the senior girls game as the Ladycats rolled to a 58-43 triumph.

In Hope's initial game of the season on November 22 the Bulldogs handed the Cats an embarrassing 84-54 loss at Waldo. At the time Waldo had played eight games already.

Saturday night's affair was a completely different story however as the two teams fought on an equal basis with Hope emerging the victor.

The Cats took the floor and wasted no time in hitting high gear as they breezed to a quick 17-2 lead through the first seven minutes of play. Waldo managed to narrow this to 19-8 however by the end of the quarter.

The first quarter was no more Hope's though than was the second Waldo's, for at halftime things were even again at 35-35. With a 23-9 lead and 6:55 remaining in the first half the Cats went dry. Three full minutes passed before the Bobcats would get back on the board.

In the meantime the Bulldogs tore up the net as they hit for 13 straight points. With 1:56 left in the half Waldo took the lead for the first time, 30-29.

The Cats trailed by 4 with only 12 seconds to go. A pair of free throws by Danny Griffiths chopped it in two and a Bobcat fast break allowed Stan Parrish to tie the score as the buzzer sounded.

The switch to a 3-1 defense seemed to give the Cats new life in the second half which still ran nip-n-tuck all the way. The Bobcats pulled ahead, 53-50, at the quarter largely due to their continuous fast break which seemed to function perfectly.

Things remained close through the fourth quarter with Hope commanding a lead of 1 to 4 points most of the way. Then with just under two minutes left the Bobcats began to pull away.

In short the game ended as it had started with Hope running away with it, even though the final score of 73-63 wasn't exactly indicative of the entire game.

Hope placed 4 men in double digits for scoring as Stan Parrish led the charge with 20 points. Luther Shaw had 17, Griffiths 14, Stan Reyenga 10, Larry East 9, and Dwight Galloway 3. Parrish also led in rebounds with 16.

The Ladycats bounced Waldo in a fashion much similar to the Bobcats' victory, with a big fourth quarter finish which boosted their margin to 58-43.

It was tight for three full quarters before the Hope girls sailed away in the fourth period by outscoring the visitors, 17-4.

The Ladycat guards Donna Byers, Brenda Underwood, Nellie Churchwell, and Kay Coleman made their usual outstanding showing and were backed up on the other end of the court with a balanced scoring threat.

Forwards Kathryn Coleman, Carol Anthony, and Gail Hartsfield, the point-makers combined efforts in the scoring department to wound Waldo from every angle. Coleman was highpoint for the night with 25, followed by Anthony with 19 and Hartsfield with 14.

Hope held the lead at the end of every quarter leading by 13-12 after one, 29-28 at halftime, and 41-39 after three.

The Bobcats will play again Friday night at Jones Field House when they meet the Camden Panthers in a 4AA match which will close out the Cats first district round robin. On the next night they will travel to Camden for a return bout with the Fairview Cardinal whom they defeated earlier, 51-50, in double overtime.

The Ladycats will play tomorrow night at Cale along with the junior girls and the B-Boys.

American

Ski Team Did

Not Show Well

MECEVE, France (AP) —

The coach of the American ski team has admitted that the U.S. showing in the recent European events was below expectations.

"I have to admit we have not done all we hoped," said Bob Beattie of Manchester, N.H., as the men's team prepared to leave for home following the Megeve Grand Prix in which the best U.S. performance was turned in by veteran Jim Heuga.

Heuga, from Tahoe City, Calif., had trouble Sunday on the 71-gate first leg of the special slalom and that cost him a shot at cracking the top three. He came down in 64.43, then did 58.90 on the 65-gate second run for a 2:03.38 total.

Dennis McCoy of Bishop, Calif., finished 11th with runs of 65.85 and 62.42 for 128.27 and Ken Phelps of Lyon Falls, N.Y., was 21st in 133.17 after negotiating the courses in 70.25 and 62.92. Ni Orsi of Stockton, Calif., was disqualified.

The victory went to Guy Perillat of France, who broke a streak of eight straight triumphs put together by countryman Jean-Claude Killy. Perillat came down in 63.03 and 58.29 for 2:01.32 compared with 64.58 and 57.01 and 2:01.59 for Killy.

Alcindor Had

Good Show

as Expected

By JOE MOOSHIL

Associated Press Sports Writer

CHICAGO (AP)—Coach John Wooden of top-ranked UCLA spoke hesitatingly Sunday when he said "I wanted him to have a good show here."

"Him" is Lew Alcindor, the 7-foot-1 basketball phenomenon, who has guided the Bruins to a 16-0 record on the season and the ranking of the No. 1 team in the nation.

"Here" is Chicago where Alcindor's performance of 35 points and 20 rebounds in an 82-67 victory over Loyola Saturday night left Wooden and Alcindor with the feeling of not having put on a "good show."

Given a second chance in a snowed-out makeup game Sunday at Chicago Stadium, Alcindor responded in record fashion by leading UCLA to a 120-82 victory over Illinois.

Alcindor's 21 field goals broke a Stadium record and his 45 points tied another. He not only could have obliterated all individual Stadium records had Wooden not chosen to yank him with 6:15 left in the game but he might have surpassed his own fledgling career mark of 56 points in a game.

"I have absolutely no interest in individual or team records," said Wooden. "I was time to take him out."

Wooden admitted that he learned that Alcindor had tied the record after he had taken his super star out of the game and possibly he might have left him in to break the record if he had known beforehand.

"I wish people wouldn't tell me these things," said Wooden. "I might have been tempted. But I wanted him to have a good show here and he didn't disappoint me. I didn't think he was exceptional against Loyola last night."

Badgered about the possibility of having sent Alcindor back in the game to break the record of 45 points Alcindor now shares with Cazzie Russell of Michigan and Dave Stallworth of Wichita, Wooden said "when I have to explain why I take a kid out, it's time for me to quit coaching."

Yerger in Wins Over Texarkana

BY JAMES HAMILTON

Here in Harris Gymnasium Friday Night January 27 the Yerger Tigers defeated the Junior and Senior boys of Washington High of Texarkana. The Junior Boys took their opponent by a score of 42-32 and the Seniors followed with another victory as the score was 68-51.

The Junior tigers, knowing that they had been defeated this team previously by only a small margin. They knew that they had a 50-50 chance of defeating their opponents, now having the advantage of playing in their own Gym.

The tigers showing aspects of being a good future team, hit 75 percent of their field goals during the first quarter and led ending the quarter at 6-3.

During the second quarter, the tigers exasperated desire to win helped them to increase their margin from 3 points to 10.

Continuing their good work, the Tigers' Frank Prater began to come alive and helped the Tigers to better their momentum. Now at the end of the third quarter, the Tigers, held a comfortable margin of 13 points leading 34-21.

In the fourth quarter, the Lions tried desperately to come back, but the Tigers powerful defense wouldn't give them the ground that they needed to stand on to perform such a task thus the Tigers were victorious for a third time with the game ending at 42-32 in favor of the Tigers.

The scores for the Tigers were Frank Prater 20 points, Larry Muldrew 8, John Dudley 7, Lee Davis 4, Charles Johnson 2.

In the initial five (5) minutes of the second game, the senior tigers held the Lions score less and led by 9 points. The Lions then came back to cut the deficit to only 4 points ending the first quarter at 10-6.

The Lions started to creep upon the tigers one time during the second quarter as the score was once 10-9. Then Spencer Brown came to their aid scoring 5 quick points and again giving them their lead as the scores then 15-9.

The tigers continued to increase their lead throughout the third quarter with field goals from within a distant of 18 feet. Being hampered by fouls the tigers had to replace the majority of their first stringer, but the team still didn't let up any and instead increase their margin to 12 points as the score at the end of the third quarter was 46-34.

Now by the fourth quarter the tigers felt confident of another victory but the Lions fought to the end of the game at only a 17 point margin as score ended at 68-51.

Giving the tigers such a strenuous and exciting victory were Spencer Brown with 21 points, Ray Garland 12, Johnnie Smith 11, Terry Verge 10, Kenneth Muldrew 7, David Block 4, and Earnest Standokes 3. Leading for the Lions was Sydney Gregg with 18 points.

Palmer Is Winner of L. A. Open

By BOB MYERS

Associated Press Sports Writer

LOS ANGELES (AP) — Arnold Palmer, the thinking man's golfer, got to thinking. He was in Los Angeles but he started thinking about San Francisco. So he stopped thinking about records.

Palmer shot a final round 68 for 269, 15 strokes under par, in winning the Los Angeles Open for the second straight year Sunday. His score was just one stroke shy of the tournament record set by Phil Rodgers in 1962.

So was he thinking about Rodgers' record? "It came to my mind, but I wasn't going to be foolish about this one," a laughing Palmer said.

It was an obvious reference to the 1966 U.S. Open at San Francisco. Palmer had a seven stroke lead with nine holes to go on the final round. He was with in sight of Ben Hogan's Open record 274 and started thinking about it.

The rest is history:

Little Poison Goes Into Hall of Fame

By BOB GREEN
Associated Press Sports Writer
NEW YORK (AP) — "I think it's just wonderful," said Lloyd (Little Poison) Waner, "to be put in there with my brother."
He was talking about his election to baseball's Hall of Fame Sunday. But his remark was just an echo, almost verbatim, of his comment 40 years ago when he was put into the Pittsburgh Pirates' outfield with big brother Paul.
Paul (Big Poison) already had established himself and Lloyd was a skinny, uncertain rookie at the time, in 1927. But Lloyd wasted no time proving himself. He laced National League pitching for a .355 average and a record 223 hits in his rookie season, and, with Paul, led the Pirates to a National League pennant.
"I've had lots of thrills in baseball, but this here is the biggest thrill of all," Lloyd said in Pittsburgh when notified of his selection.
He and long-time baseball executive Branch Rickey were named to the Hall by the veterans committee, becoming the 105th and 106th members of baseball's elite. They'll be inducted into the Hall of Fame at Cooperstown, N.Y. in July.
The 12-man veterans committee, headed by former Baseball Commissioner Ford Frick, can name no more than two players in their annual elections. They consider players who have been retired 20 years or more. Rickey, who died in 1965 at the age of 83, was elected under a special provision governing executives 65 years or older. Paul Waner, who died last year, had been elected earlier.
Rickey's widow, in St. Louis, said she was delighted but not surprised her late husband had gained the Hall.
"I think he should be in the Hall of Fame," she said. "He contributed a great deal to baseball and I'm pleased indeed."
In 1906, when the couple were married, Rickey was a catcher with the old St. Louis Browns. He later played with the New York Yankees, but arm trouble and tuberculosis cut short a rather mediocre playing career.
Then he turned his talents to administration. And made baseball history.
The colorful, bushy-browed Mahatma broke the color line in baseball when he signed Jackie Robinson to a contract with the old Brooklyn Dodgers and is credited with being the founder of the farm system.
He became president of the Cardinals in 1917, and, during his administration, the team won seven National League pen-

nants and five World Series.
He moved on to Brooklyn in 1942 and won two pennants in eight years before selling his 25 per cent share of the club for a million dollars. At 69, he signed a five-year contract as executive vice president and general manager of the Pittsburgh Pirates.
Waner, who now lives in Oklahoma City, had a 19-year major league career and a lifetime batting average of .316. He never won a batting championships but had high averages of .362, .355 and .353. He hit .300 or better 12 seasons and four times had 200 or more hits in a season.

Wants Debt Ceiling Hiked \$7 Billion

By EDMOND LE BRETON
WASHINGTON, (AP) — Secretary of the Treasury Henry H. Fowler asked Congress today to raise the national debt ceiling by \$7 billion to a new level of \$337 billion.
He said that unless Congress acts, the Treasury will have to start holding up some payments within a month.
In an unusually blunt statement to the House Ways and Means Committee, Fowler said: "You and I know that there are many who have voted for, and will vote for, appropriations and then take comfort and protection in a vote against extending the debt limit. This is not a responsible act."
Fowler said that among the payments that would be in jeopardy about March 1 unless the debt limit is raised are Social Security and disability benefits, veterans pensions and military and civilians retirement pay.
The Ways and Means Committee has never failed to recommend debt limit increases under similar circumstances in the past and Congress has always followed through, but often the increase has been less than the Treasury asked.
Fowler came to the committee hearing today accompanied by Budget Director Charles L. Schultze and a battery of Treasury specialists prepared to defend President Johnson's administrative budget which would have to be handled by increased borrowing.

Steinhauer, Seagren Set New Records

By RON RAPPOPORT
Associated Press Sports Writer
Bob Seagren, warned by a doctor to take it easy, and Neil Steinhauer, told by his coach to lean, led the first big record setting weekend of the 1967 indoor track and field season.
Seagren, who pulled a muscle in his back in a futile attempt to extend his world pole vault record in New York Thursday, shook off the effects of the injury in Albuquerque, N.M., Saturday and vaulted 17-2, an inch better than his previous record.
And Steinhauer, who earlier this month set an indoor shot put record of 66-6½, bettered that mark by an amazing 1½ inches in Portland, Ore., Saturday, raising the record to 67-10.
Seagren, the 19-year-old University of Southern California student, consulted a doctor before competing in the meet but disregarded his advice to take it easy.
"He didn't think I should do any serious jumping for a while and I should lay off," Seagren said. "But I'm going to compete next Saturday in San Diego."
Seagren cleared 17-2 on his first attempt and then missed in three quick tries at 17-7¼.
Steinhauer, the University of Oregon senior, was told by Coach Bill Bowerman to "lift and lean" into the throw and when he was finished lifting and leaning he had his best-ever attempt, either indoors or out.
Randy Matson, of course, holds the outdoor shot put record at 70-7¼. Matson and Steinhauer will meet in the San Diego Invitational this Saturday.

Theron Lewis, the former Southern University star, came up with another record in the Albuquerque meet, breaking Wendell Motley's 440 mark with a 47.1 clocking. Also, the Long Beach, Calif., 49er Track Club set a record in the two-mile relay on an 11-lap track at 7:25.6.
Jerry Proctor, of Pasadena, Calif., set a high school mark of 26-2 in the long jump.
At the Boston A.A. meet, Willie Davenport of Southern University tied the 45-yard high hurdles mark at 5.4 and back in Albuquerque, Texas Southern's James Hines tied the indoor record 5.9 in a heat of the 60-yard dash.
Hines then beat out Bill Gaines of Millica Hill, N.J., a co-holder of the record in the 60, and George Anderson of New Orleans, La., in the finals, though all three were caught in 6.0.
Jim Ryan, competing in the 1,000-yard run instead of his specialty, the mile, won at Portland in 2:09.9, nearly four seconds off Peter Snell's indoor record.

500-mile race for grand national stock cars.
A balding, wiry driver named Parnelli Jones thought and drove his way around the twisty, 2.7-mile course Sunday to win \$21,980 in the delayed race.
The race, started a week ago but postponed by rain, pitted some of the nation's top drivers against four-time winner Gurney, and the pressure finally paid off.
Jones, of Torrance, Calif., entered the race determined to avoid an old bugaboo — broken machinery. He said he thought about it constantly.
"I felt I could outrun all the other cars," Jones said, "and I thought if I talked to myself I could keep from punishing the car and I might make it."
He made it, averaging 91.08 miles an hour in a 1967 Ford. He was sometimes a whole lap ahead, especially after Gurney's machine, a 1967 Mercury Cyclone, blew its engine near the end of the race.
Playing second behind Jones was Paul Goldsmith of Munster, Ind., in a 1966 Plymouth, followed by Norm Nelson of Racine, Wis., in a 1967 Plymouth. Goldsmith got \$8,828 for his work.

Astros Pick Harvard Player

NEW YORK (AP) — Dick Varney might be a unique teenager — he prefers the Ivy kind of green to the money kind.
As a result, the Houston Astros appear to be in the same position as the Kansas City Athletics were last year. They're the underdog in a battle with Harvard.
The Astros made Varney, a 17-year-old catcher from North Quincy, Mass., the first pick in the special phase of baseball's winter draft Saturday.
The Athletics picked Varney

No. 1 in last August's American Legion draft, but they couldn't sign him so he returned to the draft list. The special phase of the draft involved Varney and players like him — those who had been drafted but who hadn't signed for some reason.

In most cases where a boy didn't sign, money was the reason. But not in Varney's case.
"We made him a real good offer — in five figures," said Ray Swallow, director of scouting for the Athletics. "We made a very strong attempt to sign him. We liked him. He's first of our 27 prospects while Atlanta and Cleveland selected 26 each. The Chicago White Sox took the fewest, six.

Arkansas Pilot Blasts Bridge

SAIGON (AP) — A pilot from Arkansas blew his F105 Thunderchief against the Xom Cuc Highway Bridge 93 miles northwest of Hanoi Saturday during a bombing raid.

Powell Will Pay Woman \$33,000

BIMINI, Bahamas (AP) — Most of the big white fishing boats stay tied to the dock at Brown's hotel for days at a time but not "Adam's Fancy."

It's a rare morning these days that the powerful 31-foot craft doesn't roar across the few hundred yards separating North Bimini from South Bimini and pick up Adam Clayton Powell.
Hours later it returns with a heavy catch and Powell, presiding over the weighing and distributing of the fish, appears the picture of the happy sportsman. But for the embattled Negro congressman, fishing may be more than a sport.

A friend close to Powell says the Harlemite still has moments of shock and disbelief at the blows that have taken his wife off his payroll, cost him his job as a committee chairman and threatened to end his congressional career.
He took time out Saturday to

meet newsmen who trailed him here for some promised big news.

He said he would pay \$33,000 of the \$164,000 slander judgement he owes a Harlem widow. That was the size of the original judgement, now increased by penalties and interest.

Powell also indicated he would appear before a special House committee that is due to start investigating his qualifications to be seated.

Not Original Idea

The idea for the six-shooter was not original with Samuel Colt but the pistol became practicable when he thought of using a rotating barrel of six chambers.

More Snow Expected in Midwest

By THE ASSOCIATED PRESS
Snow-paralyzed communities: from Chicago to Detroit struggled toward normalcy today. But they were hampered by a new blanket of snow, with as much as four inches expected in Chicago.

As the new Midwest storm swept through the northern parts of Indiana and Illinois and into Michigan and Ohio, West Coast residents braced against 100-mile-per-hour winds accompanying a rainstorm that spread from the coast into Idaho and Montana.

At least 56 persons were dead in Illinois following the 23-inch snowfall Thursday and Friday that set a Chicago record. At mid-evening Sunday, city and suburban crews worked to clear remaining snowdrifts—up to 15 feet deep—as 2 inches of new snow settled on the area. Madison, Wis., had 3 inches in the same period.

Most main streets in Chicago were clear, but side streets lay buried under drifts, their intersections blocked by abandoned autos.

O'Hare International Airport, closed since 7:30 a.m. Thursday, reopened at 5:45 p.m. Sunday.

Commuter trains were running, if not quite on schedule. But many city buses were rerouted and some routes were closed by abandoned vehicles blocking the streets.

Novel Of JFK's Generation

THE MAN WHO KNEW KENNEDY. By Vance Bourjaily. Dial. \$3.95.

Here is an engrossing, stimu-
lating novel that strikes home.
The catchy title really is a
matter of metaphor. One of the
two heroes of the tale is a man
who had an oblique acquaintance
with the late President. But the
point is that most of the major
characters have had — or might
have had, or think they have had
— some such passing touch with
a figure of inspiration.

These are people who grew up
in World War II, then became the
postwar go-getters and the coun-
try club types of the upper middle
classes in the '50s and '60s.
They are a generation with
mixed mores — divorce and un-
faithfulness are not uncommon,
but among them are the basically
good guys who keep things going.

Bourjaily has depicted this
the Kennedy generation, with
vivid reality. He has keyed his
story to the Kennedy theme with
a bitter analogy. As Kennedy
was destroyed in a senseless
act, so is one of the central
characters destroyed by a sordid
scrap of humanity. And the bit-
terness of the analogy lies in
the irrationality of the act.

The story is narrated by one
Barney Jones, capable head of a
hardware supply firm in Con-
necticut, a man who likes both his
work and his hobbies. Much of
his narrative is concerned with
the tragedy which overtakes his
longtime friend David Doremus,
a business man whose personal-
ity and charm might have led to a
career in politics.

NO HONOR AMONG THIEVES

DURBAN, South Africa (AP) —
Robbers and murderers have no
honor — or so a young policeman
discovered here.

After transporting a group of
African awaiting-trial prisoners
to court in an escape-proof van,
one man was found to be miss-
ing.

The young policeman dis-
covered him inside the van,
strangled to death and robbed of
the small amount of money the
prisoner was known to have car-
ried.

The other prisoners professed
innocence although the man
was alive when he boarded the
van at the jail.

WORLD ALMANAC FACTS

Few people have been as devoted to the writing of history as the Chinese. According to World Almanac historians, during the Ch'ien-lung period (1736-1795) nearly 15,000 copyists worked 20 years editing, copying, writing and compiling a mammoth encyclopedia. When the work was completed it comprised some 36,000 volumes. Several complete sets were originally made, of which three still exist.

The luck of the draw in the 1966 American team trials pitted first-place Roth and Root against second-place Murray and Kehela in the final round. Murray and Kehela defeated Roth and Root to move into first place while Roth and Root dropped to third. However, since the team will consist of three pairs, third place was quite satisfactory.

The Roth-Root troubles started with the second board of the match. Roth and Root believe in sound opening bids and Root passed the East hand. Since no one else held anything that looked like an opening bid the hand was passed out there and at one other table.

The other three East players opened with one spade and were raised to two. This became the final contract at two tables and East had no trouble making four odd. Trumps broke nicely and the minor suit ace-queens lay just where East wanted them to.

The bidding in the box shows what happened when South decided to reopen after East and West had stopped at two spades.

West had mighty good defense against hearts and elected to double. He opened a spade which established a spade trick for South but South still had to lose two trumps, two diamonds and a club and was penalized 500 points.

The unfortunate North-South pair that went down 500 lost eight international match points. Roth and Root lost five IMPs in passing the hand out. This was mighty severe punishment for failure to open East's really doubtful hand.

THE WELL CHILD

Prompt Treatment Most Helpful to Hemophiliac

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

One of the chief hazards in boys who are bleeders or hemophiliacs is painful hemorrhage into the joints. This is especially common before puberty and often leads to deformity. Prompt treatment will save these joints. Compare these two cases:

Roy called out to his parents at 10 p.m. one night that he was bleeding into his right knee. His parents took him to the nearest hospital where they arrived at 10:55. A resident doctor was summoned and he said that plasma would have to be given. It was then 11:25. When all the preparations had been made, the plasma given and the bleeding stopped, it was 12:45 a.m. Roy was admitted to the hospital

where he spent the next 10 days thereby missing a week and a half of school.

Joe felt a similar hemorrhage coming on one night after he had gone to bed. His parents, who had been taught how to give plasma at home did so promptly. Ice bags and pressures were applied to the knee and to the injection site. The parents got a good night's sleep and Joe was able to go to school the next morning with less damage to his knee than was suffered by Roy.

The Michael Reese Hospital in Chicago has a hemophilia clinic that encourages this type of home treatment. The only requirement is that the parents notify them every time they give the plasma.

Similar clinics in other cities are using this treatment.

A great deal of damage is done by giving pain killers containing aspirin to boys like Joe and Roy when they have these episodes involving their joints. Aspirin not only causes bleeding in the digestive tract—it also increases the bleeding time. This is often a decisive factor in producing deformity. Sodium salicylate, although closely related to aspirin, does not do this.

With modern treatment, including the newer concentrated antihemophilic globulins, no bleeder should develop deformed joints.

Q—Our son, 7, has been having bowel movements that vary in color from almost white to green. Only rarely are they normal. Our doctor doesn't seem to be concerned. What would you advise?

A—If tests show that your son's liver function is normal there is no need to worry. Does your son by any chance eat chalk? Some children do in spite of the fact that it is neither appetizing nor nourishing.

YOUTH ASKED FOR IT!

This column is for young people their problems and pleasures, their troubles and fun. As with the rest of Helen Help US!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to Helen Help US!, this newspaper.

ONLY ONE SOLUTION

Dear Helen: Can you help a friend who is near suicide? She was married 12 years, had two children. Then she went to work for a ladies man 20 years her senior. He flattered her into an affair, and when she found she was expecting a baby, she asked her husband for a divorce so she could marry him. The husband left, and only then did the other man tell her he was already married and he wouldn't marry her

even if he were free.

After the baby was born, she took him to court to prove with blood tests he had fathered the child. Instead this ladies man brought a doctor's signed report that he had been sterile for years.

The judge then awarded all three children to the husband, saying that if he couldn't keep them he should put them in foster homes. An adultress shouldn't have them, the judge decreed.

The husband has put the baby in a foster home. He insists it isn't his. The woman ended up without husband, lover or children. Is there any way she can get her children back?—FRIEND

Dear Friend: I think she should work unceasingly to get her husband back — and with him will come the children. She asked for the divorce, so she should beg for the reconciliation. With the

help of marriage counselor, perhaps it can be arranged. —H.

like to know too. —H. R.

PERSONAL TO "NEEDING HELP"

You can't tell a know-it-all anything, but maybe you can SHOW him something. Each time he indulges one of his crudities, quietly leave, and take the company with you. You won't need to explain your absence. He'll get the point much faster if you're pleasant and agreeable otherwise — but gone, the moment his disgusting habits start. —H.

Dear Helen: Several of my friends and I have received invitations to a joint pre-wedding party, given for two girls. The respective mothers of the brides are giving the affair. Both weddings are on the same day but in different towns.

I have been invited to only one wedding. Should I bring a gift for both girls, as I only know one well? Her mother alone invited me. The other girls would

Dear H: Mothers of brides should never give a "shower" where gifts are expected. You may bring a present to one or both girls as you choose, but technically this is not necessary at an "engagement party." —H.

Dear Helen: What's wrong with a man who won't tell his wife he loves her? I think he does, but I need the WORDS. I guess there are many wives like me. Am I right or wrong to be depressed when I never hear, "I love you"? —WANTING THOSE THREE LITTLE WORDS

Dear Wanting: You're right to want those three little words, but wrong to be depressed at not hearing them. Most wives get their "I love you's" by osmosis.

Men, the nuts, think actions speak louder. Saying it embarrasses them. A few have learned the value of tenderness and spoken endearments — and they're treated like kings. Other consider this "unmasculine" —

Terrorists Hit Six Slav Consulates in U. S. and Canada

By DEREK M. SCHOEN

WASHINGTON (AP) — U.S. and Canadian officials formally apologized to complaining Yugoslav leaders and pledged an intensive probe of terrorist attacks that rocked six of the Communist nation's diplomatic missions within an hour.

But there was no announced indication today of arrests or leads into the explosions that shattered pre-dawn stillness Sunday at embassies in Washington and Ottawa, and at consulates in New York, Chicago, San Francisco and Toronto.

Yugoslav Ambassador Veljko Micunovic lodged a strong protest with Nicholas Katzenbach and received a promise the United States will expend all effort to capture and punish the bombers.

Secretary of State Dean Rusk, in Williamsburg, Va., when told of the attacks, expressed "official and personal" regrets at the "outrageous and senseless acts of terrorism and vandalism."

The Yugoslav press vehemently demanded greater protection for its missions in the two Western nations and hinted of government collusion with the terrorists.

The FBI, heading the investigation in the United States, refused comment on the bombings. A spokesman said there would be no word unless arrests are made.

No one was hurt by the powerful bombs, although a New York fireman died of a heart attack after being summoned to the consulate.

The bombings coincided with Tito's visit to the Soviet Union. Some observers speculated the attacks could have been carried out by any of three different anti-Tito groups—Communists opposed to Tito's relative freedom from Soviet domination, monarchists or remnants of a group that split from Tito during World War II.

The bombings occurred within 55 minutes.

—A blast police said was

equal to 8 to 10 sticks of dynamite ripped the front of the three-story Yugoslav Embassy in Washington, shattering windows in the front of the cement-front structure and gouging a four-foot hole in the wall. The time was 3:45 a.m. EST.

—At 4 a.m., a bomb tore a hole in the foundation of the embassy in Ottawa.

—At 4:08, a blast caved in the front door of the Toronto consulate.

—At virtually the same time, blasts rocked consulates in San Francisco and Chicago. The San Francisco explosion went off in a narrow hallway between the consulate and a neighboring residence in the plush Pacific Heights section, blowing holes in both structures. The Chicago blast left a crater in the consulate's backyard and knocked out a few windows.

—The consulate in New York was the last hit, at 4:40 a.m. The bomb, believed to have been pushed under a locked iron grillwork fence, exploded on a stairway.

Bang's Disease Vaccinations in February

Farmers in Hempstead County will have an opportunity to get their heifer calves vaccinated against Bang's disease starting in February, a State Technician will do the vaccinating, County Agent, Calvin Caldwell, advises that the cards requesting vaccination have been mailed out. If you did not receive one of these cards and would like to have your calves vaccinated, please mail us a card or call the Extension Office as soon as possible. We must have your request no later than February 6, to be included in this round of vaccination. The proper age to vaccinate heifer calves against this costly disease is from 4 to 8 months. All cattleman are urged to participate in this program.

Bobby Baker to Fight Tax Conviction

By RAYMOND J. CROWLEY
WASHINGTON (AP) — Bobby Baker plans to fight his convictions for tax evasion, conspiracy and stealing campaign funds to the Supreme Court if necessary.

His hands trembling and his cheeks whitening, the former secretary to Senate Democrats and behind-the-scenes power on Capitol Hill heard a federal court jury Sunday pronounce him guilty.

But Baker, 38, a one-time Senate page who built a \$2-million fortune, stayed free on \$5,000 bail.

Sentencing is expected in about two weeks. Penalties of the charges for which he was convicted could total 4 years in prison and \$47,000 in fines.

"We, of course, are going to the (U.S.) Appeals Court and all the way to the Supreme Court if necessary," said Baker's attorney Edward Bennett Williams. One Justice Department official speculated the appeal process could consume two years.

Lyndon B. Johnson was referred to in testimony by Baker — though not by names of other political figures dotted the proceedings. Seven senators and a representative appeared one day to testify.

The consequences for Baker, if he does not win a reversal on appeal, would almost certainly be far more severe than the wrist slap the Senate Rules Committee gave him after a probe into business dealings he conducted before resigning his Senate job under fire in October 1963.

While the Senate investigation had brought out allegations of party girls and racy goings-on, the trial in U.S. District Court was money-oriented.

Judge Oliver Gasch told newsmen, "It was essentially a question of credibility. If the defense was believed by the jury I could see an acquittal and if the defense was not believed this was an entirely appropriate verdict."

The verdict was delivered by six men and six women, all present or retired government workers.

The Baker story was that he collected \$99,600 cash from California savings and loan executives in 1962 and turned it over to the late Sen. Robert S. Kerr, D-Okla. This, Williams stressed, was after Kerr had ceased pushing a tax bill provision which would have cost added millions of dollars in taxes to savings and loan associations owned by stockholders.

The government contended Baker kept the money, which the savers and loan men said was sent as "senatorial campaign contributions." The government said Baker diverted piles of \$100 bills to his own purposes, principally his financially hard-pressed Carousel Motel at Ocean City, Md.

The department notified Jones' parents Saturday. He was the son of the Rev. and Mrs. Otis C. Jones of North Little Rock.

Reservations Made for CC Dinner Wed.

Cecil O'Steen and Ray Lawrence, co-chairmen of the ticket sales for the Annual Chamber of Commerce Banquet, have announced that seven tables have been reserved by the following business firms in Hope: Hope Auto Company, Greening-Elis Company, First National Bank, The Kroger Company, Citizens National Bank, Roy Anderson Insurance Agency and Hope Furniture Company.

Tables are being set up individually and each will accommodate 10 people, according to the chairman. Additional reservations can be accepted through Wednesday February 3rd, so other firms desiring to reserve tables should contact one of the chairmen or the Chamber of Commerce office prior to that time. Bill Watson, General Manager of Corn Belt Hatcheries, has indicated that his Company will reserve several tables for its employees.

Individual sales are going well, according to the Chairmen, and everything points to a record crowd for this annual event.

Apollo Astronauts to Be Buried With Heroes' Honors

By JIM STROTHMAN

CAPE KENNEDY, Fla. (AP) — With heroes' honors, the remains of America's three Apollo 1 astronauts go toward their burial sites today as the nation mourns and investigators search to answer the torturing question: "How did it happen?"

With military escorts, flag-draped coffins containing Air Force Lt. Col. Virgil I. Grissom and Edward H. White II and Navy Lt. Cmdr. Roger B. Chaffee depart in the same plane about 10:30 a.m. EST from a Cape Kennedy landing strip.

A brief ceremony is planned at the airfield, located less than four miles from the launch pad where the spacemen died Friday in a ball of flame that flashed through their moonship.

After a flight of about one hour, the Air Force jet carrying their remains lands at Andrews Air Force Base in Washington. From there, the bodies of Grissom and Chaffee go to Arlington National Cemetery, where three other U.S. astronauts, killed in plane crashes, are also buried.

The two Apollo 1 pilots will be buried there Tuesday with heroes' honors, Grissom at 9 a.m. and Chaffee at 1 p.m.

White's body will be taken to a Highland Falls, N.Y., funeral home to await burial at the U.S. Military Academy at West Point at 11 a.m. Tuesday.

Paying tribute to a fallen comrade during memorial services for Chaffee Sunday at Webster, Tex., near the Manned Spacecraft Center, three astronauts flew gleaming jets out of a setting sun. They left a vacant slot in their formation to honor their fellow astronaut.

Similar memorial services were planned today for Grissom and White.

At Cape Kennedy, the 12-man board of inquiry continued probing the tragedy, looking at photographs taken of the cockpit, interviewing witnesses and studying data.

U. S. Planes Stage Raid Near Saigon

By ROBERT TUCKMAN

SAIGON, South Vietnam (AP) — U.S. B52 bombers staged their closest raid to Saigon of the Vietnam war today. Simultaneously, 3,200 more American infantrymen arrived in the country to join the growing U.S. force in the Mekong Delta.

The B52s unloaded their explosives on a base camp of the Viet Cong's 165A regiment 16 miles west-southwest of Saigon. The strike was two miles closer to the capital than any previous raid by the bombers and shook windows in Saigon.

In two clashes Jan. 21, South Vietnamese paratroopers reported killing 117 men of the 165A regiment.

Over North Vietnam, U.S. jet bombers struck the Thai Nguyen railroad yard 35 miles north of Hanoi Sunday and for the second day ranged along the Ca River for concentrated assaults on cargo barges.

Ground fighting in South Vietnam diminished to small, scattered clashes.

The U.S. command continued an investigation of an attack by three U.S. helicopters on a fleet of 200 sampans in the Mekong Delta in which a U.S. spokesman said 31 Vietnamese civilians were killed and 38 wounded.

The spokesman said the sampan fleet was attacked Saturday night and early Sunday during the curfew hours after some of the sampans fired on the helicopters. He said the civilians told interrogators they were on the move in violation of the curfew because the Viet Cong was in the area and they anticipated allied attacks.

The latest American troops to arrive were the 2nd Brigade of the 9th Infantry Division and supporting artillery, medical, supply, signal, military police and maintenance units.

The 3,200 men came ashore from the troopship Pope at Vung Tau, 40 miles southeast of Saigon. They brought the division to its full strength, 15,000 men, and increased the total announced American strength in Vietnam to 404,000 men.
